

# FINANCE MANAGER – COMMERCIAL PLANNING AND CHANGE

**Reference Number: VSA – 1309**

- Commercial and Analytical Minded
- Qualified Accountant

Our client is an international shareholder services provider with a strong presence in Asia. They are currently looking for an experienced Finance Manager to manage commercial planning and change in Hong Kong.

Reporting to the CFO, your main task will be centralise business analysis and planning for the firm, helping the business line heads to analyse and plan for their businesses, reviewing product offering, P&L, resourcing and budgeting. You will also be responsible for Change Management, Controls, Vendor and Agreements Management.

To qualify, candidates must be a qualified accountant with at least 10 years corporate accounting experience and planning experience. You should have strong business/commercial sense, be open and internationally minded, and experienced with partnering with business line managers and senior management. Ideal candidates should have a cheerful and positive attitude, and must be able to communicate strongly in English and Cantonese.
